

Gary A. Ybarra

130 Hudson Hall
Box 90291
Durham, NC 27708
919-660-5220

Current Position: Professor of the Practice and Director of Undergraduate Studies, Duke University
Department of Electrical and Computer Engineering

Education: BSEE (1983), MSEE (1986), PhD (1992), North Carolina State University
Ph.D. Dissertation: High Resolution Target Range Estimation in Inhomogeneous Media using Millimeterwave Radar.

M.S. Thesis: Speech Enhancement using Multiple Impulse Excitation.

Career Goals: To lead the Department of Electrical and Computer Engineering at Duke University in innovative undergraduate education leading to a top 10 national ranking.
To establish and sustain a national model Engineering K-Ph.D. outreach program.

Previous Positions:

2005-Present Professor of the Practice and Director of Undergraduate Studies
2000-2005 Associate Professor of the Practice and Director of Undergraduate Studies
1999-2000 Assistant Research Professor and Director of Undergraduate Studies
1993-1999 Assistant Research Professor

Research:

1995-Present Microwave Imaging and Electrical Impedance Tomography.
1995-1999 Automatic target recognition using synthetic aperture radar.
1990-1997 Optimal signal processing of frequency-stepped CW and DSB-SC radar data.
1986-1989 Least squares signal processing.
1984-1986 Multipulse speech compression algorithms for medium bit-rate transmission.

Teaching:

1993-2008 Duke University
4 semesters ECE 27: Fundamentals of Electrical and Computer Engineering (100 students)
1 semester EGR 20: Engineering Innovation (10 students)
32 semesters ECE 61: Intro. to Electric Circuits (1,500 students)
3 semesters ECE 64: Linear Systems (150 students)
2 semesters ECE 181: Intro. to Signal Processing and Communications (70 students)
2 semesters ECE 164: Electronic Design for the Environment (20 students)
5 semesters ECE 186: Wireless Communications (150 students)
2 semesters STH 112: Science, Technology, and Human Values (22 students)
1983-1992 North Carolina State University
17 semesters ECE-211: Electric Circuits I (1,200 students)
6 semesters ECE-221: Electric Circuits II (250 students)
4 semesters ECE-301: Linear Systems (500 students)
4 semesters ECE-331: Electric Circuits I for non-majors (300 students)
1 semester ECE-432: Communications Engineering (50 students)

Professional Activities

Active reviewer for the *American Society for Engineering Education* and *Frontiers in Education*.

Member of IEEE Education Society, and the American Society for Engineering Education.

National Science Foundation *Shaping the Future* Steering Committee member, 1998.

Chair, Remote Sensing of the Atmosphere, *IEEE International Conference on Geoscience and Remote Sensing*, Helsinki, Finland, June, 1991.

Chair, Plenary Session, Joint Conference on Information Sciences, Research Triangle Park, NC, 1998.

Awards

1. American Society for Engineering Education 2005 K-12 Division Chair's Award
2. IEEE 2002 Engineering Educator of the Year Award, Southeastern NC Section.
3. Pratt School of Engineering Faculty Distinguished Undergraduate Teaching Award 2002
4. DuPont Teaching Fellow 1991
5. NCSU ECE Department Outstanding Teacher Award 1987
6. NCSU ECE Department Outstanding Graduate Student Teacher Award 1983

Grants Awarded

1. GlaxoSmithKline, "Support of TASC: Teachers and Scientists Collaborating," \$250,000, June 15, 2008 through June 14, 2009.
2. GlaxoSmithKline, "Support of TASC: Teachers and Scientists Collaborating," \$250,000, June 15, 2007 through June 14, 2008.
3. National Science Foundation, "TASC: Teachers and Scientists Collaborating," a targeted Math-Science Partnership, \$200,000, October 1, 2007 through September 30, 2009.

4. National Science Foundation, "TechXcite: Discover Engineering!," an Informal Science Education Program with National 4-H Afterschool, \$2.42M, August 15, 2007 through August 14, 2012.
5. GlaxoSmithKline, "Support of TASC: Teachers and Scientists Collaborating," \$250,000, June 15, 2006 through June 14, 2007.
6. National Science Foundation, "Collaborative Research: A Comprehensive Pathway for K-Gray Engineering Education," \$147,165, October 1, 2005 through September 30, 2008."
7. GlaxoSmithKline, "Support of TASC: Teachers and Scientists Collaborating," \$250,000, June 15, 2005 through June 14, 2006.
8. Burroughs Wellcome Fund, "Techtronics: Hands-on Exploration of Technology in Everyday Life," \$180,000, January 1, 2004 through December 31, 2007.
9. (Co-PI) National Science Foundation, "Theme-Based Redesign of the ECE Undergraduate Curriculum at Duke University," \$997,805, September 1, 2004 through August 30, 2007.
10. Progress Energy, "Support of TASC: Teachers and Scientists Collaborating," \$50,000, September 1, 2004 through August 31, 2005.
11. GlaxoSmithKline, "Support of TASC: Teachers and Scientists Collaborating," \$140,000, June 15, 2004 through June 14, 2005.
12. Lord Foundation of North Carolina, "EGR 20 Engineering Innovation," \$24,875, September 1, 2004 through August 30, 2005.
13. National Science Foundation, "MUSIC: Math Understanding through Science Integrated with Curriculum," \$1,424,744, December 1, 2003 through November 30, 2008.
14. Progress Energy, "Support of TASC: Teachers and Scientists Collaborating," \$50,000, September 1, 2003 through August 31, 2004.
15. GlaxoSmithKline, "Support of TASC: Teachers and Scientists Collaborating," \$120,000, June 15, 2003 through June 14, 2004.
16. National Science Foundation, "TASC: Teachers and Scientists Collaborating," \$5,328,333, October 1, 2002 through September 30, 2007.
17. National Science Foundation, "TeachEngineering.com," \$31,227, October 1, 2002 through September 30, 2004.
18. GE Fund, "MUSCLE: Math Understanding through the Science of Life," \$300,000, August 2001.
19. Lord Foundation, "Automatic and Virtual Instrumentation in the Undergraduate Electrical Engineering Curriculum at Duke University," \$50,000, April 2001.
20. Burroughs Wellcome Fund, "Techtronics: Hands-on Exploration of Technology in Everyday Life," \$167,500, March 2001.
21. Microsoft Research University Programs, "Support of the Duke-NCSU Teaching Fellows in Elementary Education Program and the Engineering K-Ph.D. Program," \$120,000, December 2000.
22. IBM, "Support of the Duke-NCSU Teaching Fellows in Elementary Education Program," \$14,000, October 2000.
23. Hewlett Packard, "Support of the Introductory Circuits Wireless Control Laboratory," \$8,370, September 2000.
24. Dell Computer Corporation, "Dell Strategic Technology and Research Program," \$24,430, Jan. 1, 2000 through Dec. 31, 2000.
25. National Science Foundation, "Duke-NCSU Teaching Fellows in Elementary Education Program," \$347,328, Sept. 1, 1999 through August 30, 2002.
26. The Lord Foundation of North Carolina, "The Next Generation Introductory Circuits Laboratory at Duke University," \$27,000, January 1997.
27. The National Science Foundation, "The Next Generation Introductory Circuits Laboratory at Duke University," \$27,289, June 1996.

28. Hewlett Packard, "Support of the New Introductory Circuits Wireless Control Laboratory," \$22,335, January 1995.
29. Hewlett Packard, "Support of the New Introductory Circuits Wireless Control Laboratory," \$32,080, January 1994.
30. The Lord Foundation of North Carolina, "Automatic Control of Laboratory Test Instruments using LabVIEW," \$14,895, March 1994.
31. National Instruments, "Automatic Control of Laboratory Test Instruments using LabVIEW," \$10,000, April 1994.

National Committees

1. Institute for Advanced Study-Carnegie Commission on Mathematics and Science Education
2. National Science and Technology Education Partnership Board of Trustees
3. American Society for Engineering Education EngineeringK-12 Center Advisory Board Member.
4. American Society for Engineering Education Pre-College Division Executive Committee.
